

# EVIL EAR PRESENTS MOLOSSER

VIDEO & SINGLE RELEASE - **MOLOSSER: BLACK OAK** - June 12th 2021

On *Black Oak*, Swedish MOLOSSER go for a somewhat lighter touch and lean more towards singer/songwriter and Americana than on their earlier singles. The core of the music is still their trademark interplay between two downtuned, acoustic guitars and the strong, intimate vocals of singer Tess.

*Black Oak* is released as a single in connection with the release of the official music video, <https://www.youtube.com/watch?v=Vzzz-JG6VP0>, where pictures from the duo's Nordic home are interspersed with glimpses of times gone and a lost world. *Black Oak* is taken from Molosser's debut album *Appear* which was released in May and has already gained airplay and acclaim from reviewers around the world (<https://evilear.com/reviews>). Some voices about *Appear* and previous singles from the album:

*"The album features nine unique songs of extreme quality that bring the essence of the duo in every chord."*  
– Roadie Music

*"'Appear' is a grower, not a shower and I'm delighted I gave it time to shine. This is a quirky album that I hope many of you go on to discover".*-Higher Plain Music

*"Beginning as a cathartic musical journey, 'Appear' is dark, brooding, and, at times, very lucid musically and even spiritually on a certain level."* - Jammerzine

*"The music is composed by two guitars that speak perfectly to each other, producing a perfect balance between excellence and simplicity"* – Roadie Music
